

Per Current Health Guidelines

Private Room Rentals

For all Patrons and Guests

As outlined in the state's Utah Leads Together plan, the current health guidelines ask Patrons to take extreme precautions when considering participation in **PRIVATE ROOM RENTALS**.

Authorized independent organizations are permitted to offer group trainings, meetings or lessons, as coordinated with CHRC, for groups of 50 or less by default, or as otherwise restricted by specific rooms or areas and as communicated at time of booking.

Requirements for Organization:

- Participants should maintain social distancing guidelines as much as possible.
- Organization must symptom check participants and staff prior to any group activity.
- Do not let participants/staff participate or be on-site if they are sick, or experiencing a fever, cough or difficulty breathing.
- Report confirmed cases of COVID-19 to member organization and CHRC immediately and cease trainings.

Recommendations for Organization:

- Limit equipment brought to activity, disinfect all equipment before/after use.
- Require parents to confirm their child is symptom free one or two hours prior to scheduled activity.

Other Facility Restrictions and Guidelines:

- It is your organization's responsibility to ensure that group interactions are limited to individuals who have been following recommended distancing/hygiene guidelines.
- It is recommended that you take precautions in protecting yourself and your organization through the use of disinfectants, rubber gloves, not touching your face, wearing face coverings, and social distancing, etc.
- Do not linger longer than necessary in the general facility.
- Please do not congregate in front of entry ways to the facility or rooms, or within the waiting areas.
- Maintain social-distancing as much as possible, especially entering and exiting the facility.

Failure to comply with any of the above may result in expulsion from facility, and may risk future rentals with CHRC, if applicable.
